Easter Sunday, early Mass at 8 o'clock with English sermon. High Mass at 10 o'clock, German sermon. Benediction. Holy Communion at 7 a. m.

There will be special music by the choir at the Presbyterian church at the Sunday morning service.

There will be an Easter Egg Hunt at Mrs. Lester Slaughters for the Beginner and Cradle Roll departments of the Baptist Sunday school Friday afternoon at 4:30 o'clock.

The Primary department of the Baptist Sunday school will have an Easter Egg hunt at the church Friday afternoon at 4 o'clock.

W. C. DAVIS OF BRYAN HERE FOR TALK APRIL 24

FORMER DISTRICT ATTORNEY
HERE TO SPEAK TO BIG
CLASS HERE

Judge W. C. Davis of Bryan will be in Cameron Sunday morning April 24 to address the Men's Bible Class at the Baptist church.

F. B. Cable, teacher and P. S. Graves, president of the class, in conference with others have decided to charter the auditorium of the church on that Sunday morning and indications are the church will be filled.

The class room of the class will not hold more than 100 men comfortably so the auditorium has been asked for in this special service for the class which is now engaged in an enlistment campaign.

The men of Cameron, irrespective of church are invited to hear Judge Davis. A large number of invitations will be presented to friends of the former district attorney here, but that it be understood that the public is invited. The class expects a large number of men from other churches to be in the class that morning to hear Judge Davis. Men from the surrounding country are also invited and expected to attend.

The class at the meeting last Sunday set 50 as the goal for the class next Sunday and in all probability the following quota will be 75. The class is to reach a goal of 150 by May 8 at which time a banquet is to be held and a celebrated speaker will address the men.

Mrs. Wm. Cobb was taken to the Cameron hospital Sunday afternoon and underwent a successful operation for appendicitis Monday morning. Her many friends will be glad to know that she is doing nicely.

Mrs. J. C. Reese was reported ill this week.

WILSON MEMORIAL FILM SHOWN HERE

HEFLEY THEATERS GIVE FREE
SHOW TO PEOPLE OF
CAMERON

The Wilson Memorial Film sponsored by the Houston Chronicle was shown at the Hefley theaters beginning at 2:15 Thursday afternoon and at 3:15 and again at 4:15 p. m. as a free attraction for the people of Cameron.

The film will be shown Thursday night as an added attraction to the regular show at the New Hefley theater.

Thomas A. Fisher, superintendent of the schools was in charge of this program. At the afternoon shows the school children of Cameron, numbering nearly a thousand were admitted free at the theaters.

The schools appreciate the courtesy of the New Hefley in presenting this film free.

The film presents Woodrow Wilson, the war time leader who died for his ideals.

The Herald furnished circulars free to advertise this picture in Cameron.

LIONS ANNUAL EASTER EGG HUNT SATURDAY

CHILDREN OF CAMERON TO EN-
JOY FESTIVAL IN
CITY PARK

The annual Easter Egg Hunt at the city park by the Lions Club for the children of Cameron will be held beginning at 10 o'clock Saturday morning.

This annual festival by the Lions Club furnishes a fine entertainment for Cameron children each year and hundreds of them gather in the park for the event.

Rev. J. P. Love in charge of the arrangements is planning to entertain a much larger number this year.

The Lions program Tuesday was featured by an address by Judge Gillis on China. The judge gave in detail and in his usual fine manner the situation now obtaining in the far eastern empire.

METHODIST REVIVAL IN PROGRESS; ENDS SUNDAY

REV. L. J. POWER, PASTOR, CON-
DUCTING SERVICES FOR
CHURCH

The revival for Pre-Easter at the Methodist church has been in progress since last Sunday with increasing interest. Large crowds are attending the services.

Rev. L. J. Power, pastor is doing the preaching and Mrs. C. S. Peyton is leading the song service as director of the choir. The singing is featuring a multitude of voices, many from other churches in addition to the large number of singers from the Methodist church.

The pastor is preaching evangelical sermons. This is the first prolonged service the pastor has conducted since he arrived in Cameron and many who have not heard him are attending the services and are receiving inspiration. Beginning Monday two services have been held daily at 9 a. m. and 7:45 p. m. These services will be continued through the week.

The revival will close Sunday. There will be an old fashioned basket dinner in the basement of the church.

Infants will be baptized at the morning service Sunday and members will be received into the church.

Attendance of all church members is requested and to co-operation of other churches is being extended. The revival will be a success.

Messrs. C. W. Lawrence, E. Eggert, Monta Thomas and John Watson and Mesdames W. G. Gillis and B. P. Atkinson, members of the Church Building committee of the Presbyterian church drove to Eagle Lake Friday to see the new Baptist church there, which is nearing completion. The building is attractive and was erected at a reasonable cost.

YOUR GOVERNMENT

WHAT THE CITY COUNCIL
IS DOING

New aldermen will take oath next Tuesday, April 19th. They are E. L. Brod and Sam McDermott who were elected in the recent election. Logan Green was re-elected.

Mayor Judd Davis is considering a sanitary program for the city that will likely include the appointment of an inspector. The city is to have a clean up campaign here next week. The following proclamation has been issued by the Mayor:

"Whereas, the National Fire Protection Association, the State Fire Insurance Commission and other interested organizations of the State, have suggested observance of Clean-Up Week for the third week in April beginning with Monday, April 18th and ending Saturday, April 23, 1927, and

"Whereas, fire losses throughout the State are alarming and on the increase, and steps in the direction of preventing fire damage should be taken by the people of Texas, and

"Whereas, one of the principal causes for fire damage is the existence of trash and waste accumulations about the cities and towns of Texas, and

"Whereas, a clean-up campaign will not only lessen the fire hazards in Cameron but will improve the public health and civic appearance of the city, therefore,

"I, Judd G. Davis, mayor of the city of Cameron, Texas, do proclaim the week beginning April 18 and ending Saturday, April 23 as Clean-Up Week in Cameron and ask the co-operation of the citizenship at large to make of this campaign a success to the end that Cameron will be one of the cleanest and most hazard free city in Texas.

"In furtherance of this proclamation I have caused to be placed at the disposal of the citizens at large the motor equipment of the city and the city labor, to be used on such days during the week as the street commissioner may desire and the citizens at large are requested to clean their premises and the Fire Marshal of the city of Cameron is requested to make rigid inspection during the week and to report and cause to be removed all fire hazards, trash and accumulations that are dangerous and unsanitary.

"Urging upon everyone the importance of this movement and asking full co-operation in all sections of the city, I look with confidence to the results to be obtained during the campaign.

Issued and signed this 12th day of April, 1927.

JUDD G. DAVIS,
Mayor City of Cameron.

The Jury Commissioners to select petit jurors, grand jury and special veniremen for May term of Court are Royal P. Jeter, Cameron, John H. Thomas, Gause and Will Spiegel, Sharp and are to report at the court house Tuesday morning.

To Cameron Herald

I am interested in the marketing of cream and would like to see a milk route operated by my residence. I think the daily sale of cream would increase and the farmers would appreciate this service.

Name _____

Address _____

Route _____

The Cameron Commercial Club is trying to increase the production and sale of cream from the farms in the trade territory. If the farmers will co-operate the club feels assured that it can arrange to have this milk and cream delivered daily into Cameron at the cream station where ready cash awaits the farmers.

The plan to encourage the production of cream and increase the revenues of the farm is suggested by Mr. S. M. Burns, active club director and member of the committee on home industry. If the farmers want to increase their income with ready cash the year round, they should sign and return the above coupon by not later than May 1. This signed coupon entails no obligation whatever. It is merely a canvas of the farmers who live on the roads out of Cameron to see if the production of cream may be increased so that the construction of a creamery here will be made possible.

Giles Pugh Recovers From Operation Here At Cameron Hospital

Giles Pugh of Houston, son of Mr. and Mrs. Earl Pugh of Cameron, was operated on at the Cameron Hospital last Monday, April 4, by Dr. W. R. Newton for appendicitis and has recovered.

Operated on Monday, the stitches were removed from the incision on Thursday, showing a remarkable recovery for the patient. His many friends here as well as the friends of Mr. and Mrs. Pugh will be glad to note that he has recovered so quickly and completely.

Mr. Pugh was stricken at Houston, arriving here on March 31st so that Dr. Newton's service could be had in the operation. According to Mr. Pugh the recovery and removal of the stitches has made a record so far as is known here.

PRESBYTERY MEETS HERE ON APRIL 19

REV. H. G. KENNEY, PASTOR, TO
PREACH OPENING SERMON
OF BIG MEETING

The Central Texas Presbytery of Southern Presbyterian church composed of Travis, Williamson, Burnett, Llano, Hamilton, Coryell, McLennan, Limestone, Falls, Navarro and Milam Counties will convene at the Cameron Presbyterian church at 7:30 o'clock Tuesday evening April 19th and will be in session two days. About 50 representatives are expected to be in attendance.

Presbytery meets semi-annually and is composed of the ministers and representatives from the elders of the different churches. The Presbytery is principally for business purposes concerning the church work. At this meeting representatives will be elected to the General Assembly of the Southern church which convenes in May at Eldorado, Arkansas.

Judge W. G. Gillis is the present moderator of the Presbytery. When a minister is moderator he preaches the Presbyterian sermon at opening of Presbytery, but a layman moderator selects some minister to perform this office for him. Judge Gillis has selected Dr. H. G. Kenney, pastor of the Presbyterian church of Cameron, who will preach the opening sermon at 7:30 Tuesday evening.

A great deal of interest is being manifested in preparatory plans for the entertainment of the delegates.

Mrs. L. J. Power and Mrs. C. E. Porterfield, delegates to the Women's Conference which met at Lufkin last week, will give a report of the conference on the 4th Monday. The secretary of the Marlin District, Mrs. W. O. Triggs, and the Superintendent of the Young People's Work, Mrs. Lee Batte, also attended the Conference. They report a most interesting and profitable trip. They found the people of Lufkin to be very hospitable; every effort was put forth to make their stay pleasant and indeed it was.

A. J. LEWIS TALKS TO BAPTIST BIBLE CLASS

MEN HEAR DISTRICT ATTORNEY
IN ABLE DISCUSSION
OF LESSON

The Men's Bible Class of the Baptist church met last Sunday with 32 men present and enjoyed a most wonderful discussion of the lesson, "Peter's Lesson in Trust," by Hon. A. J. Lewis. Christ the ever-present helper, was presented by Mr. Lewis in a very able way and the class as a whole received a great blessing from the discussion.

The lesson for next Sunday is "Peter's Great Confession," having for the topic of the lesson "What Think Ye of Christ," will be conducted by the teacher of the class, Mr. Cable.

This class is offering a strong program at this time, each meeting seeming greater than the last, and we urge all men of Cameron who are eligible for membership in the class to join hands with the class now. We assure you of an interesting and useful hour each Sunday morning.

Come and be with us, 9:45 a. m.

METER TESTER HERE MAINTAINED BY CITY

NEW LAW COMPLIED WITH AND
METERS WILL BE TESTED
HERE

In compliance with a bill recently passed by the Legislature and signed by Governor Moody, the city of Cameron has purchased a meter tester for light and power meters and the inspector, Jack Owings is authorized to test meters whenever a customer requests it.

The city is required to maintain this service for the benefit of customers.

The tests are not compulsory. Tests are made only on request of customers. A small charge of \$2 for stove meters and \$1.50 for ordinary meters if found incorrect and \$1 if found correct, will be charged. This fee is to be paid by the customer.

On account of the additional time required for the stove meters the charge is higher.

Mr. Owings now has the tester and the city is ready to give this service to patrons.

Sam Sparks Writes Appreciation For Story In Herald

Judge Jeff T. Kemp who last week contributed an interesting account of a mob scene in Milam County as given by an eye witness, has received the following letter from Sam Sparks at Austin, former sheriff of Bell county and state treasurer.

Judge Jeff T. Kemp,
Cameron, Texas.

Dear Jeff:

I am indebted to someone for sending me a marked copy of The Cameron Herald of April 7, 1927, and I imagine that you are the thoughtful person who sent it to me.

I was very much interested in the account of the murder of John Baker, as I now recall it was the first tragedy that I can remember in my childhood days. I recently visited the old Sparks Cemetery where John Baker is buried and placed a wreath on his grave. My father used to tell me the story of his tragic death, and while he never did tell me he was present when the negro was burned, I have always had an idea he knew who was present on this occasion.

I was especially interested in the item referred to in The Herald concerning the tax receipt of 1840. About thirty days ago I made a visit to the old Sparks homestead located on this league of land and you may be assured it is a very beautiful country and has developed into a very valuable piece of land. My father has also told me what a terrible time my grandfather had with the Indians in trying to establish his home on this tract of land. Grandpa and old Jack Sparks were attacked by the Indians at one time and took shelter in the old log house located on the hillside

BASEBALL LEAGUE IS ORGANIZED IN CITY

THIRTY-TWO GAME SCHEDULE
ARRANGED FOR PLAYING
SEASON

The Cameron City League has perfected its organization, and a thirty-two game schedule has been adopted, beginning with Tuesday, May 2. Games will be played on Tuesdays and Fridays during the months of May, June, July and August.

This plan of organizing a city league of four teams was tried out last year and proved very satisfactory to all concerned, and the base ball players of town as well as the fans believe that it is the only way to give a town the size of Cameron base ball games during the summer months. This plan certainly has all the advantages over the professional team that many small towns try to support.

The following four teams have signed up to enter the league during the coming season, and any other teams who desire to compete may do so, provided they let their intentions be known to the president and secretary before April 21. These teams have been organized and have played several practice games, Schumacher Wholesalers, Lions Club, Knights of Pythias and North Siders.

Two hundred season tickets have been printed and each team has been allotted fifty tickets to sell. It is estimated that the two hundred season tickets sold at a dollar each will finance the league for the season. An admission of 10 cents will also be charged to those not holding season tickets, but it is hoped that every baseball fan will get behind the league and purchase a season ticket. This is a movement to let the business men of Cameron enjoy their evenings during the summer and should be supported by everyone.

K P MANDOLIN CLUB HERE ON JUNE 14TH

PUBLIC FREE ENTERTAINMENT
TO BE GIVEN AT NIGHT
FOR CAMERON

The Knights of Pythias Mandolin Club of boys and girls from the home at Weatherford will be here on the night of June 14 according to a letter read at the meeting of the lodge here on Monday night from Grand Chancellor Freeman by Fred Henry, keeper of records and seal.

W. O. Triggs announced that he would make an effort to secure the First Methodist church for the concert. The concert will be given free to the people of Cameron and the Knights are very anxious to have the people of Cameron meet the boys and girls from the home where they are educated in music and other arts along with the general education.

The announcement that the club would visit here as a part of a tour of Texas was greeted with cheers by the Knights.

Commander Jake Posey appointed M. G. Cox, W. G. Gillis and Lee R. Tag as a committee of advertising the event. W. O. Triggs, J. B. White and Andrew Esslinger were appointed as a committee to secure homes for the boys and girls while staying in Cameron over night.

These boys and girls are orphan children being cared for and educated by the Knights of Pythias of Texas.

There was no degree work on Monday but next Monday a number will receive the rank of Page.

A report on the minstrel by Lee R. Tag, chairman was made. The minstrel was a success in every way and the committee was thanked.

and fired back at the Indians a number of times and escaped down the hill into the river bottom.

I wish to thank you for mailing me a copy of the paper and shall file these brief accounts so that my children and children's children may read them in years to come.

Your friend,
Sam Sparks.

HEAVY HOP MALT SALES INCREASE SAYS BUSCH

815 NEWSPAPERS TO BROADCAST
STORY OF PRODUCT DURING YEAR

A schedule calling for frequent insertions of powerful copy on behalf of Budweiser Real Hop Malt Syrup in 815 newspapers throughout the United States and Canada has just been released by Anheuser-Busch, of St. Louis, makers of this sensational seller of the past two years.

It is estimated that more than 18,000,000 people will see and read this advertising between now and September 1st, and that the influence wielded by the copy will keep sales of Budweiser Real Hop Malt Syrup pyramiding at an even faster pace during the big selling season just ahead than ever before. This forecast is based on the experience of merchants everywhere since Budweiser Real Hop Malt Syrup was first introduced to the American people a little over two years ago.

Since its introduction, sales of Budweiser Malt have climbed so rapidly that it was recently necessary for Anheuser-Busch to double production facilities in order to produce Budweiser Real Hop Malt rapidly enough to take care of current business. The new unit recently added to the hop-malt division is now in operation, and is expected to take care of production demands during the next few months at least.

Explaining the sensational progress made by Budweiser Real Hop Malt Syrup since 1924, an Anheuser-Busch official said: "Three things are responsible. First, we have a product that repeats. Second, we are proud to put our name on the label, and the American people have learned through experience that we never put our name on a product until we know that that product represents the finest quality that can be produced. Third, we back our product with consistent, uninterrupted advertising in the medium that is read by the people who

are the real buyers of hop-malt, the weekly newspaper."

SHERIFF'S SALE

THE STATE OF TEXAS
County of Milam

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable district court of Milam County, on the 6th day of April 1927, by Penn Wolf, Clerk of said court for the sum of Five thousand, four hundred and seventy-eight (\$5,478.00) Dollars and costs of suit, under judgment, in favor of Mrs. Louise H. Schmidt, a feme sole, in a certain cause in said Court, No. 6980 and styled Mrs. Louise H. Schmidt vs. J. A. Wilkerson, placed in my hands for service, I, L. L. Blaylock as sheriff of Milam County, Texas, did on the 6th day of April 1927, levy on certain Real Estate, situated in Milam County, Texas, described as follows, to-wit:

Thence South 71 east 494 varas to the South-West corner of said second tract of Lot No. 6 for the South-East corner of this survey;

Thence N. 19 East 743 varas to the place of beginning, save and except a strip 20 feet wide along the North line of the above described tract.

The above described land embraces all of Lot No. 7 apportioned to J. A. Wilkerson in the partition of the estate of W. W. Wilkerson, deceased,

and his wife, Susan H. Wilkerson, deceased, and conveyed to him, the said J. A. Wilkerson, by W. A. Wilkerson et al by Deed of date September 15, 1921 recorded in Volume 163 at page 591 of the Deed Records of Milam County, Texas, and levied upon as the property of the said J. A. Wilkerson and that on the first Tuesday in May 1927, the same being the 3rd day of said month at the Court house door, of Milam County, in the city of Cameron, Texas between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. A. Wilkerson.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Witness my hand this 6th day of April 1927.

L. L. BLAYLOCK,
Sheriff Milam County, Texas.

TEXAS STATE HEALTH BOARD WEEKLY NEWS LETTER

Safe milk supplies should be one of the first considerations of any town or city, according to Dr. J. C. Anderson, state health officer, who stresses the necessity of safe milk in lessening the typhoid menace and in safeguarding babies and children from such intestinal troubles as diarrhea and dysentery.

"For several years," Dr. Anderson stated, "milk sanitation has been one of the major activities of the state board of health, and it has been successful in securing the adoption by 28 municipalities of the standard milk ordinance recommended by the United States Public Health Service. This ordinance is the best insurance for safe milk and every town should have it."

How Typhoid Germ Is Transmitted
"As milk is a favorable medium for multiplication of germ life, more care should be exercised in its handling than any other article in order to

keep it free of disease producing germs. Some of the ways by which the germs of typhoid as well as other diseases may gain entrance into milk are:

By milkers or milk handlers who are "carriers."

By flies that have had access to insanitary closets or sewage.

By washing milk vessels with contaminated water.

By unwashed udders of cows.

Pasteurization

If your town does not have the standard milk ordinance and you are in doubt as to the safety of your milk supply, practice safety first and pasteurize it before using. This can be done at home by keeping milk at a temperature of 142 degrees F. for 30 minutes. This precludes the possibility of typhoid infection as no typhoid epidemic has ever been traced to a pasteurized milk supply."

Child Health Day, May 1st

Child health programs and special health sermons by ministers will be leading features in the state on Child Health Day, according to Dr. H. N. Barnett, director of the bureau of child hygiene and state chairman of May Day.

"Reports received," he stated, "show co-operation in this work by public health nurses, parent-teacher associations, home demonstration agents, teachers, ministers and the Woman's Auxiliary of the State Medical Association.

More than 6,000 pieces of literature have been mailed out by the child hygiene bureau on child health, including several hundred pamphlets of health plays. All towns and communities sponsoring outstanding May Day festivities, are asked to kindly send us a detailed report of same."

Health Appraisal Forms

Wichita Falls and Amarillo have announced that they will have complete health surveys made at an early date, a budget for this work having already been provided according to information received by the state health department. "The value of such health inventories is incalculable," stated Dr. J. C. Anderson, state health officer, "as by such appraisals, a constructive health program can be formulated. A standard schedule has been prepared by leading health authorities of the nation, which is used as a basis for grading municipal health work and according to this national rating sheet, Houston is now the leading Texas city in health work with Fort Worth a close second.

"Any town wishing a copy of this health appraisal form will be mailed one upon request to the state health department."

ADVENTIST TO SHOW HOW JONAH MANAGED TO LIVE IN A WHALE

Omaha, Neb., April 11.—By the aid of stereopticon slides and citation of recent scientific discoveries, Rev. C. G. Bellah of the Memorial Seventh Day Adventist church here, hopes to prove conclusively that Jonah actually lived three days and three nights inside a whale.

He has billed his lecture as "Jonah's modern apartment inside the whale." "It was not necessarily a whale," Rev. Bellah explained. "It might have been a sea monster many times the size of a whale. I have slides to prove that it is possible that Jonah was able to stand up and walk around inside the whale. There was plenty of room. Of course, it was dark and he had no food or water, even though he did have a soft bed and plenty of fresh air."

If Back Hurts Flush Kidneys

Eat less meat, also take glass of Salts before breakfast occasionally.

Too much meat may form uric acid, which excites the kidneys; they become overworked; get sluggish, acid and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region; you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Drink lots of water; also get from any pharmacist four ounces of Jad Salts, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to help neutralize the acids in urine, so it is no longer a source of irritation, thus often ending bladder weakness. Jad Salts is inexpensive, can not injure; makes a delightful effervescent lithia water drink which everyone should take now and then to help keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in correcting kidney trouble while it is only trouble.

JUDGE ENGLISH WANTS PRIZED VOLUME RETURNED

Judge Ed F. English has requested The Herald to say that he will appreciate the return to him of a volume entitled "Reminiscences of a Private Confederate Soldier," which someone has borrowed and has not returned. Mr. English says the book was written by a member of his own regiment, the 1st Arkansas Infantry.

Judge English will pay a suitable reward for the return of this book to him.

and during the funeral services was placed in the front yard with a beautiful background of flowers sent by friends and loved ones. Hundreds of friends gathered at the residence to pay their last tribute to one whom they had known and loved for his noble traits of character and wholesome life lived among them. Services were conducted by Rev. Mr. Kelley, pastor of the Presbyterian church of Sharp. Mr. Dilworth was one of the most successful and prominent farmers in Milam County. He was a member of the Presbyterian church and a devout christian gentleman. Green Bros. undertaking firm of Cameron directed the funeral. The body was interred in the White Cemetery at Sharp in the late afternoon.

Mr. Dilworth was married in Mississippi and upon coming to Texas, settled in the Sharp community where he has lived all the time except a few years he lived in Cameron for his niece to attend school.

He is survived by his widow and niece, Miss Maydell Campbell, who has lived with them for a long time;

one brother, Judge Dilworth of Waco and other relatives.

Pall bearers were: Judge John Watson, Judge Jeff T. Kemp, T. F. Hardy, Basil Thompson, Will Davis and Mr. Bolton.

Stop That Itching

Use Blue Star Soap to clean the affected parts, then apply Blue Star Remedy. It penetrates the skin, kills out the germ, stops the itching at once, and restores most cases to a healthy condition. CUT OF \$25,000,000 MADE IN FUNDS ASKED AND WHAT WILL BE ALLOTTED BY COMMITTEES

Representative Sam Hefley was in Cameron Monday from Austin where as a member of the finance committee of the house he has been working on the appropriations bill. Mr. Hefley says the departments of the state government are asking appropriations totaling about \$50,000,000 but that the committee will cut this amount to the sum that will not exceed the taxable revenues of the state.

Mr. Hefley is for economy and his record in the house is a source of pride to his friends:

Austin, Tex., April 11.—Working on information that 20 to 30 per cent of the ad valorem taxes in Texas are delinquent, the house appropriations committee will slash from \$5,000,000 to \$7,000,000 from board of control estimates of about \$39,000,000 for the next two years operating expenses for the state, it was learned today.

The committee began hearings Monday on appropriations sought for the next biennium of the various state institutions and departments, having completed a 2,500 mile inspection tour of these in the last few weeks. Recommendations based on the hearings will be submitted to the special session of the legislature to convene May 2 or 9.

Considering the delinquent tax situation, aggravated by the southwide cotton slump, expectant revenue of the state for the next two years probably will shrink several millions of dollars below the board of control estimate of \$40,157,965.40, based on the present 23 cent ad valorem tax rate, committeemen believe.

Determined not to increase the 23 cent rate, the committee will try to bring the state's expenses within the amount of revenue expected from that levy.

The board of control in preparing the biennial budget aggregating \$39,

with a game between the Lions and the North End team.

Secretary B. T. Harris reports a good sale of season tickets to Cameron residents.

The season schedule will end on June 28th. All games will be played in Lawless Green park.

313,758.56, already has cut some \$17,000,000 from the aggregate appropriation recipients will get a rough aggregate of \$22,000,000 to \$25,000,000 less than they asked for if the present program is carried out.

Beginning with the first recommendations, the committee will go straight down through the budget, hearing claims of each institution or department in order of its listing by the board of control. The state judiciary system had first place in the budget.

Austin, Tex., April 11.—Financial needs of the Texas judiciary system for the next two years as detailed in the board of control budget estimates of \$3,324,401.50 were approved today by the house appropriations committee with only slight modification.

The estimate, however, does not take into account salary raises for district judges in a bill recently signed by Governor Dan Moody. This item, making something like \$180,000 a year more, will be added to the original estimate.

Yoe High School Library Now One Of Best In State

Yoe High School is rapidly building up one of the best high school libraries in the state. The state high school inspector during his recent visit to Yoe High School stated that we had one of the best high school libraries in the state. Such a report will help us in making Yoe High School the best high school in Texas.

The following new books have been added to the library during the past week: Perfect Tribute, Andrews; The Halfback, Barbour; Behind the Line, Barbour; Master Skylark, Bennett; Red Badge of Courage, Crane; Merryllips, Dix; Soldier Rigdale, Dix; Amateur Gentleman, Farnol; Broad Highway, Farnol; So-Big, Ferber; Janice Meredith, Ford; Boy Life On The Prairie, Garland; Main Traveled Roads, Garland; Miss Lula Bett, Gale; Reds of Miki, Gras; Prisoner of Zenda, Hope; Dark Frigate, Hawes; Great Quest, Hawes; Mutineers, Hawes; Scarlet Letter, Hawthorne; High Benton, Heyliger; High Benton Worker,

CHECK NOT GOOD IN PAYMENT OF TAXES

ACCEPTANCE OF TAXPAYER'S CHECK BY COLLECTOR IS NO RELEASE OF DEBT

Austin, Tex., April 12.—A taxpayer's check for his taxes does not constitute payment, the attorney general's department held today in an opinion to State Comptroller S. H. Terrell.

Only current money is acceptable under the constitution, it was ruled,

Heyliger; Jim Davis, Masfield; Circular Staircase, Rinehart; Haunted Bookshop and Parnassus On Wheels. These books were received Tuesday, catalogued, and students had checked them all out within one period after they had been placed on the library shelves.

April 19 and 20 will be library days at Yoe High School and every student will wear his or her tag signifying that they have helped make the Yoe High school library "not one of the best" but "the best high school library in Texas."

I will have between 50 and 100 White Leghorn chicks unsold to hatch coming off April 14. I would rather not bother with so few myself. If you want some fine chicks at a bargain don't wait till the 14th to place your order, do so now. Many were disappointed by not getting the last small lot I had. They are of Texas Greatest Laying Strain. 49-2tc

a cashier's check likewise being defined a sum more valuable in payment of taxes than is an ordinary personal draft.

A tax collector cannot legally accept a check as payment of taxes and the fact that he might do so and issue a receipt is of no importance the opinion added.

The attorney general's department was asked for a ruling by Comptroller Terrell when a resident of Oklahoma attempted to pay taxes in Cooke county by check. The check was received by the Cooke county collector and placed in the depository. Later it was stolen and the tax collector

threatens to sue the taxpayer which, under the opinion today, he is empowered to do so.

THE SEASON WHEN ALL NATURE GIVES ITS MELODY OF SWEETNESS

A glad season of life's renewal in the realm of Nature. Mankind finds inspiration in the flowers that bloom in the Spring time and Nature's green mantle lends it's color of life to earth.

These are the days of awakening. Time is measured by the seasons and Easter, the symbol and tradition of an epochal time in Christendom brings to us all the beauty of Resurrection—the immortality of all life.

Spring is the poetry of time, it's verse the sweetness of life.

CLEAN UP WEEK

April 18 to 23rd

Proclamation

Whereas, the National Fire Protection Association, the State Fire Insurance Commission and other interested organizations of the State, have suggested observance of Clean-Up Week for the third week in April beginning with Monday, April 18 and ending Saturday April 23, 1927, and,

Whereas, fire losses throughout the State are alarming and on the increase, and steps in the direction of preventing fire damage should be taken by the people of Texas, and

Whereas, one of the principal causes for fire damage is the existence of trash and waste accumulations about the cities and towns of Texas, and

Whereas, a clean-up campaign will not only lessen the fire hazards in Cameron but will improve the public health and civic appearance of the city, therefore,

I, Judd G. Davis, mayor of the city of Cameron, Texas, do proclaim the week beginning April 18 and ending Saturday April 23 as Clean-up Week in Cameron and ask the co-operation of the citizenship at large to make of this campaign a success to the end that Cameron will be one of the cleanest and most hazard free city in Texas.

In furtherance of this proclamation I have caused to be placed at the disposal of the citizens at large the motor equipment of the city and the city labor, to be used on such days during the week as the street commissioner may desire and the citizens at large are requested to clean their premises and the Fire Marshal of the City of Cameron is requested to make rigid inspection during the week and to report and caused to be removed all fire hazards, trash and accumulations that are dangerous and unsanitary.

Urging upon everyone the importance of this movement and asking full co-operation in all sections of the city, I look with confidence to the results to be obtained during the campaign.

Issued and signed this the 12th day of April, 1927.

Ankle Deep in Beer
Following Big Raid**Odessa, April 11.—A town street
ankle deep in beer and broken bottles
presented itself to the sun Sunday
morning as a result of a big raid at
Crane.The raid said to be the largest event
staged in this country, was headed by
Sheriff Reeder Webb of Ector County
and County Attorney D. Vance Swan.
Crane county is under the jurisdiction
of this county and sheriff Webb not
only cleaned the city of its bootleg
whiskey and beer, but cleaned up the
red light district as well.After the raid court was held on
the spot and lasted all through the
night with 25 people fined and a like
number given till Sunday to leave the
town.Headed by Sheriff Webb and County
Attorney Swan 15 officers swooped
down on the oil field town and quietly
rounded up all that they had spotted
during their investigations. Five of-
ficers of Ector county, four from Mc-
Camey, five federal officers and one
Texas ranger were in the party that
staged the raid.**15,000 Bottles Seized**Search warrants for every place
were sworn out and presented as the
officers made the raid. Owners of the
places left in a hurry when news of
the raid noised itself abroad. Starting
at 9 o'clock Saturday night the raid
was over by midnight.Court was started at 1 o'clock Sun-
day morning and held under electric
light. A recess was declared at 4
o'clock and opened up again at 5
o'clock. Court finally ended at 9
o'clock Sunday morning. Fifteen
thousand bottles of beer and over 100
gallons of whiskey were seized in the
raid and same amount of liquor was
destroyed by the owners before the
officers could seize it.Piles of bottles broken and left
where they lit were found by officers
Sunday morning when they made
their final check up to see if they
overlooked any. At one place 104 half-
gallon jars of whiskey was seized.**To Be Kept Clean**Sheriff Webb sounded the death
knell to the new residents of the town
who had arrived from Borger. He
gave them till sundown to get out of
the country under his jurisdiction.
The towns of Odessa and Crane will
be clean and kept clean the sheriff
declared after the raid.County attorney Swan and sheriff
Webb are both overseas veterans and
although young, are experienced of-
ficers.**LITTLE INTEREST IS

**Discard the Cap
and Bells**The story is told of Henry Ward Beecher that, entering Plymouth church
one Sunday morning he found several letters addressed to him and among
them one which contained just one word: "Fool." Beecher was greatly
amused and turning to his companion, said:"I have known many an instance of a man writing a letter and
forgetting to sign his name but this is the only instance I have
ever known of a man signing his name and forgetting to write
the letter."In our attempt to make a name for ourselves in establishing a fortune we
often overlook that important accompaniment to a name and that is spe-
cific instructions as to the administration of that wealth. Fortunes are a
compliment to our wisdom only when they are placed safely in trust. Our
fund of experience will be a source of desirable assistance to you.

MISSOURI PACIFIC LINES**Railroad Rewards for Ade-
quate and Dependable Service
Must Be Adequate and the
Public Should See That
They Are!****R**AILROAD transportation service has been so revolutionized and improved in
the last few years that a great revolution has been brought about in all business.
Improved railroad service—the most adequate and dependable the world ever
has enjoyed—now makes it possible for every line of business to be conducted with less
and less invested capital tied up in commodities in transit and stocks on hand, both at
factories, in warehouses and retail places.All this means quicker turnover, greater profits in the end from smaller investments
—and it releases for constructive use tremendous sums of capital. An abundance
of reasonably cheap money makes possible improvement and development of every nature
in every line of endeavor.With it all, the total volume of business, at the end of each year, with practically
no exceptions, shows steady and normal increases. With the single exception of the
year 1924 when the total was slightly under the record-breaking figure for 1923, revenue
car loadings of all commodities have increased each year from a total of 39,323,158 in
1921 to 53,309,644 in 1926.This is as it should be, of course, for the railroads—the greatest development
agency in the Nation—must have an increasing volume of business at a fair rate if
they are to continue to grow and develop and expand themselves to be of proper
assistance in the growth and development of the Nation.The railroads west of the Mississippi river, while they have been carrying their
full share of the burden, have not been receiving a fair share of the reward. From
1920 to 1926, freight operating revenues on western railroads increased only 3.8 per cent.
During the same period, passenger revenues decreased 34.5 per cent.Constant improvement is being made by the railroads. But if this is to continue,
the public must see to it that the carriers receive an adequate rate for adequate and
dependable service. This is as much the problem of the public as it is of the railroads.
The public must interest itself in these questions with a view to being helpful.

I solicit your co-operation and suggestions.

EASTER AND SPRING

One cannot disassociate Easter and Spring, no matter how early or late the religious festival may come nor how unseasonable the weather attending its advent. Easter is spring and life is reborn. The dead days are past and the requiem of winter is forgotten as the birds sing the resurrection of nature. The poet sighs, the sun smiles, perhaps, and the woman with a new spring hat looks anxiously at the meteorological emanations from the shrine on Olympus which the irreverent flippantly call the weather works. Enveloping and hallowing it all is the atmosphere that sends the soul journeying beside still waters, through peaceful valleys, soft grasses and awakening buds and soothing it with imaginary scents of flowers awaiting only warmth to spread their sweetness on a newly aroused world.

Besides its religious meaning, that is the spirit and significance of Easter and it is older even than the Christian religion. The display of colors and raiment in unison with the earth throwing off its old garments is as ancient as the race. Man always has wanted to sing as soon as the birds did and he has done so. Even the Bible has its beautiful poetic allusions to spring, and the vernal festivals of ancient days were a public expression of the song that was in the hearts of the people as a whole. We do not have anything we did not inherit, so it is not strange that a woman wants a pretty hat at Easter time. As a matter of fact it would be strange if she did not. And it is not expected that poets will quit caroling about spring as long as nature sends winters that inspire poets to say "Oh, wind, if winter comes, can spring be far behind?"

RENOVATION

Communities looking about at this time of the year for ways of expressing civic pride can find no better vehicle than a "clean up, paint up" campaign.

Than the present, there is no time of the year when a community can look dirtier and more uninviting or cleaner or purer. Undisturbed, winter's accumulation of dirt and debris hides all that is clean and fresh. Washed off and carted off it reveals a panorama little the worse for the wear and tear of the rigorous months.

Every property owner, householder and business man should sense an overpowering duty in the spring of the year to make his buildings and grounds fit into nature's picture of cleanliness and freshness. And the performance of this civic duty costs little in time, expense and effort.

It is the little thing that counts. A rusty can can mar a yard; a new coat of paint can "make" a house. Undesirable neighborhoods are known by the cans they keep, desirable ones by the well kept lawns they keep. Nothing better tells the character of a community and its people than the size of its public dumps.

So the town one wants to live in is busily engaged these days in clearing away the wreckage left by winter, covering up the scars and helping nature mend her wounds.

MOVING TIME

Well, it's getting toward moving time again, and how busy a good many folk will be. They'll have to bring in the piano box from the back yard, where it has been either a play house for the children or a coop for the chickens. They'll have to wrap the old comforts around the chiffonier, and newspapers around the chair legs. The old house will have to be cleaned up and so will the new one. Something will be lost—something al-

ways is—and much will be thrown away.

There is a great deal of waste about moving. You remember Ben Franklin in his wise say, said: "Three removes are as bad as a fire. Yet when spring comes we see all the disadvantages of the old place, the landlord isn't willing to do very much in the way of papering and painting, and a new place looks a lot better.

What is even better than a new house of someone's else to live in, is a home of your own. Then when you want something done you do it yourself and have the satisfaction of knowing it has added a little to your own property. You feel established and your neighbors begin to think you amount to something. This year you buy new screens and next year you put a little hedge around the lawn. The whole thing's yours. You have a just pride in it.

It is a fine plan if you must move, to move just once more—into a home of your own.

Driving in the country is safer. Rural telephone poles are fragile things.

The thing that makes critics tire-some is their inability to find anything new to scold about.

A reformer is a man who thinks every acquittal a miscarriage of justice.

Self-government doesn't long survive if government itself tries to do it all.

Another good way to save money is to make more than you have time to spend.

Well, a man has a right to call his bald area a "spot." Think how large sun spots are.

Why fall out with people? Do you cuss an oak tree because it doesn't bear apples?

Perhaps the easiest way to acquire a dominating personality is to be born feminine.

"I appeal to your intelligence" usually means: "Now I'll try a little soft soap on you."

JONES PRAIRIE H. D. CLUB

The Jones Prairie H. D. Club met Monday, April 11, with Mrs. Archie McLerran. Fifteen ladies were present. The club was very glad to welcome two new members, Mrs. Viola Harper and Mrs. Eva Cox.

The program for the meeting was a meal cooked in the steam pressure cooker, which consisted of chicken, spinach and potatoes.

During the business hour Mrs. E. B. Yeager and Mrs. T. B. Stidham made interesting talks on the meeting of the officials of the various clubs of Milam County, which was held, March 28th in Cameron.

A committee, Mrs. T. B. Stidham, Miss Ethel McKinney and Mrs. Carlton Crook was appointed to suggest to the club, plans for Rally Day which is to be held in May. The meeting then adjourned to meet April 25th at Mrs. T. B. Stidham's home. Salad making will be the program. All the ladies please be present. Answer roll call with the kind of vegetables you canned last year.

MISS ADA HENDERSON

"Sure the last end
Of the good is peace.
How calm her -rit!
Night dews fall not more gently to
the ground,
Nor weary, worn out winds expire so
soft."

On the evening of Wednesday, March 30, 1927, at her home in Cameron, surrounded by loved ones who watched with fading hope as one by one the moments of time slipped away, as petals fall from the rose, its bloom and fragrance ended, death came to Miss Ada Henderson.

The soft, enfolding peace of dreamless sleep fell upon her after a long life of sacrifice in pursuits of service to others. Twilight's shades were not to her the deepening shadows to mark a never ending demise, but the cloak to departure from earth's sorrows.

Death to her was a triumph—a freedom from the limitations of life. For her and all who live as she accounted for the span of years allotted to her, the awakening will sponsor the sunlight of eternal day.

From heart to heart ran the message of sorrow as the sad intelligence came that Miss Ada Henderson was dead. Though advanced in years, her influence living in the lives of men and women of mature years, those who knew her best coveted time for her, fully appreciating the need for such as she gave in her service to others, and thankful for the ideals she gave them.

Ada Henderson was born in Washington county, Texas, daughter of Harriet and Thomas Stallworth Henderson, pioneers who were born at Abbeville, North Carolina. Looking to the Southwest and lured by its opportunities they came with other pioneers to Texas and settled in Old Washington county where Miss Ada was born and grew to girlhood. Her opportunities were limited as were those of the pioneer children, but she early fixed her ideals and attained them. She was a graduate of the University, having attended Baylor at Waco, early giving her life to the profession of teaching. In later years she moved to Cameron where her life work had been spent in Cameron school rooms. Her traits of character and ideals of life have found their way to the lives of many who now have attained life's mature years.

To the teacher who shapes the destiny of children belongs a responsibility others may not know. Of her it may be said that she has wrought well, not one fault to find with her life, and how she loved humankind, the barefoot boy, the untutored girl, bringing may of them to life's high marks.

Her fame as a teacher was known far and wide. Many calls came to her from other places but she resolutely gave her life to Cameron and the children of Cameron homes. Generations to come will find her influence a mighty factor in life's great highway.

As a tribute to her the board in 1925 gave to the new building the name "Ada Henderson School."

Declining health over a period of two years or more kept her away from the school room but she was re-elected at each succeeding fiscal year and all indulged the hope that she might recover and return to active duty, but she was never quite able to resume her full duties.

During her declining health her nieces, Misses Winnie and Katie Henderson whom she had taken as small children and given the protection, love and care of a mother, ministered to her, finding solace in sacrifices for her comfort, remembering always the debt of gratitude they owe to her.

Early in her life Miss Ada became a Christian and united with the Baptist church and during her life she was devoted to its service, teaching a class of women in the Sunday School. She was a charter member of the D. A. R. and was identified with other worthy civic endeavors, giving her talents and inspiration to them.

Of the seven children of the family Miss Ada was the only one who did not marry, choosing to give her life to her nieces who at a tender age were left without a mother.

The funeral services held in the Baptist church brought hundreds to

mourn. Lee R. Scarbrough, former pastor of the church here, paid a beautiful tribute to her memory. He was assisted by E. S. Hutcherson, pastor.

Miss Henderson is survived by her brother, T. S. Henderson of Cameron and a sister, Mrs. Alice Fowler of Brownwood, and nieces and nephews, children of Mr. and Mrs. T. S. Henderson of Cameron. Misses Winnie and Katherine Henderson who had lived with her for a number of years.

In the family of which Miss Ada was one of the children, there were seven, three boys and four girls, all of whom are dead except those noted above. Her brother the late Judge John Henderson was a Confederate soldier in Hood's Texas Brigade. He lost an arm in the service of the South in Virginia. He was district judge here and later on the court of criminal appeals. Another brother, Sam A. Henderson was a lawyer and one time member of the legislature. Mrs. Rhoades of Navasota and Mrs. Chandler of Anderson, sisters, have been dead for some time.

Expressions of sorrow have come to the family from a wide circle of friends over the state and nation. The body was interred in Oak Hill cemetery where children from Cameron schools will go with the succeeding years to honor and revere one who gave her life for them and blessed the community in which she lived to ripe years. Her influence will live through the years, a benediction to those who knew her, blessing and inspiring them to emulate her example of service that claims its reward where the morning breaks eternal and fair.

RESOLUTIONS

April 12th, 1927.

Whereas, in response to the beckoning hand of Providence, Miss Ada Henderson has closed her career among us and passed to realms beyond this life:

Be it, therefore, resolved by the Board of Trustees of the Public Schools of the City of Cameron, that:

1. The life and development of public education has lost a worthy and valued friend and exponent. Prominent among the richest blessings that has ever come to the public schools of the city of Cameron is Miss Ada's life of leadership and of long, faithful and superior service. She trained and equipped childhood and youth for the nobler activities and blessings of this life, and pointed out to all the path that leads to the richer benediction of the life beyond the grave. Her leadership in education and Christian achievements was a potent factor in the development and advancement of community life.

2. This resolution shall be spread upon the minutes of this Board, a copy hereof presented to the family of the deceased and a copy furnished the local press for publication.

NAUSEA

This and Other Troubles
Relieved By Black-Draught.

Mrs. Ada Blackmar, of Alexander City, Ala., writes: "From time to time, I would have spells of nausea . . . which would put me to bed. I would turn a dull, yellow color and, for days at a time, would have no appetite. Everything I ate sickened me. My mother had been a user of Black-Draught for years, so while I was at home, visiting, she asked me why I did not try Black-Draught for my troubles."

"I began taking a small dose, three times a day, before meals. I kept this up for several weeks, and it was just a little while before I began to notice an improvement in my condition."

"Black-Draught is certainly a fine medicine." You will say the same thing, once you have tried Thedford's Black-Draught. For sale everywhere. 25c.

BORAH AND BUTLER DEBATE DRY ISSUES

PROHIBITION NOW LOOMS AS A POSSIBLE TROUBLE-MAKER FOR THE G. O. P.

Boston, Mass., April 9.—Prohibition loomed today as a possible big issue for the republican national convention next year. Debating the question last night, both Senator Borah of Idaho, dry, and Dr. Nicholas Murray Butler, president of Columbia university, wet said they would press their views on the convention.

As Senator Borah put it: "I agree with Dr. Butler, the fight is on. It will be presented to the American people in the campaign of 1928. No candidate for the presidency hereafter will be permitted to avoid the issue by hiding behind law enforcement."

Senator Is Winner

Some 3,000 persons who crowded Symphony hall and uncounted thousands of others who listened by radio were divided as to who won the debate. There was no official decision, but the Boston Herald, republican, appointed nine republicans of state prominence as unofficial judges. Their vote was 6 to 3 in favor of the senator.

As to prohibition in general, the Herald construed the sympathies of the judges to be evenly divided.

The Herald's judges were: George W. Coleman, president of the Babson Statistical organization, William H. Coolidge, financier, unrelated to the president; Frank S. Deland, corporation counsel for the city of Boston; Carl Dreyfus, Boston merchant; Frank B. Hall, attorney, formerly chairman of the republican state committee; Daniel L. Marsh, president of Boston university; Arthur P. Stone, judge of the Cambridge district court; E. Mark Sullivan, lawyer and Benjamin Loring Young, speaker of the state house of representatives.

The debate was sponsored by the progressive-republican organization, the Roosevelt club, Inc., and countenanced, even though the political issue may not have been, by the presence on the platform of the chairman of the republican national committee, William M. Butler.

Points In Dispute

The disputants agreed from the first on the evils of liquor and the saloon and that the present state of enforcement throughout the country was not satisfactory. Dr. Butler who took the affirmative of the question, "Resolved that the republican national platform in 1928 should advocate the repeal of the eighteenth amendment" declared at the beginning that their differences were not as "wet or dry" and to this his opponents assented.

For a broad summarization, Senator Borah contended that the amendment was a law to be enforced and obeyed and not to be abandoned, in the face of the lack of a suitable substitute until it had fair trial over 25 years.

Attacks Constitutionality

Dr. Butler argued that the amendment was not germane to the constitution, that it changed the theory of our federal government and that the Quebec government control was a far better way of correcting the evil. The audience showed by its applause was divided at the start of the debate and divided, although more enthusiastically, at the close. It was an audience of substantially and breeding. Its few audible interjections were all good natured, and fell chiefly to the lot of Senator Borah, whose dramatic pauses sometimes offered the opportunity.

In declaring the subject a national issue, the speakers varied somewhat. Dr. Butler said, "It is more important than any since the issue of slavery and secession. It is primarily and chiefly a question of government, of the protection and perpetuity of the form of government established by the constitution. My appeal is from the legislative and judicial branches of the government to the American people to undo the damage done and correct that stupendous error."

Senator Borah urged, however, "to abandon prohibition now would be to betray the principles of the party. It would be criminal to break down and disregard the constitution. What we need is not a party giving orders to retreat, but orders to advance. The republican and democratic parties may side-step this issue, but the people will not."

After declaring that to abandon the amendment without a substitute would be to return to the old saloon days, Mr. Borah took up three of the most often suggested plans. Modification of the Volstead act to permit light wines and beer would be to seek to control the liquor traffic by giving it "an additional aroma." "Government control would rot out the pillars of government in fifty years." "It would be a beaurocracy, a beaurocracy drunk." Finally of state determi-

nation he declared that the dry state would have no protection under the interstate commerce laws.

Dr. Butler chose government control to support as his alternative "not control by federal government, but control by the states as determined by their respective citizens."

He stated that his own careful and impartial investigation of the operation of the Quebec liquor commission had convinced him that that was the ideal way to tackle the problem. Both arguments sparked with epigrams. To choose a few:

Butler: "We have returned to the saloon, only we don't see it."

Borah: "A wet state can ship its wet into a dry state, but a dry state can not ship its dry."

Butler: "This battle is to be fought with principles, not platitudes."

Borah: "I am a republican, although many persons do not think so."

Butler: "The attempt to dragoon the body when the need is to convince the soul will end only in revolt."

Borah: "Liquor is a curse to the human family and must be dealt with by law."

A Child's Laxative which Mothers Can Rely On

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity."

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour

stomach. All children love its pleasant taste.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin," Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

ROCK SPRINGS STORM TAKES LIVES OF 126

ROCK SPRINGS TOWN ON
LITTLE TOWN ON
TUESDAY

San Antonio, Tex., 12.—One hundred and twenty-six persons were killed by a tornado at Rock Springs, Texas, county seat of Edwards county, Tuesday night, according to a telephone message received by Mayor John Tobin here tonight.

The message came from Emmabel Rote, the mayor's niece, who lives at Rock Springs.

Only five or six buildings in the town were left standing, the message said. The tornado struck the town about 8:30 p. m.

So many persons were killed, injured or missing that it was impossible to get an accurate check of the casualties, said a message to the San Antonio Express from the Rock Springs telephone operator.

A detachment of cavalry from Fort Clark at Bracketville was ordered to proceed to Rock Springs Tuesday night. The Southern Pacific railroad sent a rescue party overland from Del Rio. Rock Springs is not on a railroad.

Houston, Tex., April 12.—Between 150 and 200 persons were killed and hundreds injured at 8 o'clock Tuesday night when a twisting, tearing, hurricane laid waste practically the entire town of Rock Springs, Edwards county seat, railroad dispatches reported. Rock Springs is an inland town of 800 population without a railroad, about 79 miles northeast of Del Rio and 70 miles from Kerrville.

Because the town is isolated, without either railroad or telegraph communications and because every available telephone was being used in calls for relief, only scanty details of the disaster could be obtained.

Clearer accounts given by a telephone lineman who walked through the devastated district to the nearest telegraph line climbed a pole and tapped the wire, thus getting connection with a dispatcher at Del Rio says that the force of the cyclone slapped the entire town flat as though by a gigantic hand. This report, relayed to Houston railway offices, said that few residents of the town escaped death or injury, without means of relief, almost surpasses description.

The call to Del Rio urged that all

available doctors and nurses and medical supplies be started in automobiles for the storm center.

Meanwhile, according to word from Del Rio, the wind was growing in intensity there and residents feared that city also might feel the force of the same storm.

Jack Taylor Will Enter Relays At Drake April 29-30

Des Moines, Iowa, April 12.—Baylor University of Texas will be represented at the Drake relays, Relays Director Ossie Solem announced today.

Solem explained that Jack Taylor, holder of the Southwest Conference record for the discus throw, will strut his stuff here at the eighteenth annual relays, April 29 and 30, in the university section.

Taylor, to win the conference title last season tossed the platter a distance of 143 feet 6 inches.

However, that isn't his best mark, and it is said that in practice attempts Taylor has heaved the discus a distance in excess of 150 feet, which if true, exceeds the Drake relay record hung up by Clarence Houser of the University of Southern California in 1926, when the Trojan hung up a mark of 147 feet 7 inches.

Taylor's stiffest opposition is ex-

pected to come from Captain Foster Rinefort of Grinnell, who, during the Rice Institute games sent the platter spinning a distance of 148 feet 8 inches.

NOTES OF THE NINTH DISTRICT
PARENT-TEACHER ASSOCIATION

(By Mrs. M. R. Bentley)

The enterprising little city of Clifton is sparing no effort to make the Ninth District convention of the Parent-Teacher Association a success. This meeting will be held in the city auditorium at Clifton, April 19, 20, and 21; and will be composed of Parent-Teacher workers from Austin, Bell, Bosque, Burleson, Coryell Falls, Fayett, Grimes, Lee, Leon, Limestone, Madison, McLennan, Milam, Robertson, Brazos and Washington counties. There will be several hundred delegates and visitors in attendance.

A well rounded program is being arranged, including noted speakers along child welfare lines as well as district and state officers of Parent-Teacher organizations.

On Tuesday evening April 19, at 7:30, the pre-convention session will be addressed by Mrs. S. M. N. Marrs, who will bring greetings from the National Congress of Mothers and Parent-Teachers, and Mrs. Maggie W. Barry of College Station, who will speak on "Parental Education."

Wednesday's session will be devoted to reports of district officers and chairmen and local Parent-Teacher presidents. On Wednesday evening Mrs. Noyes Darling Smith, vice-president of Texas congress of Mothers, will speak on "Youth, the Promise of the Future," and Prof. W. L. Hughes of College Station, will have "The Rural school situation in Texas" as his subject.

Reports of committees in general and round-table discussions will make up the bulk of Thursday's program. The work of the convention will be interspersed with good music and other entertainment features, including luncheons to be served in the banquet hall of the auditorium, compliments of the Clifton business men; and a picnic supper at the city park on Wednesday evening.

A display of educational posters,

Parent-Teacher year-books, and publicity materials will be arranged in a room adjoining the convention room.

Clifton is noted for its civic pride and progressiveness, its slogan is "The Largest Small Town in Texas." Its splendid city auditorium, its unusual educational facilities, its beautiful city park and other civic improvements attest its enterprise and all who attend this meeting are assured of matchless hospitality and a profitable visit.

Mrs. John R. Bender, president of the Ninth District, estimates that there are 150 Parent-Teacher clubs in the 17 counties comprising the district. There are city councils as follows: Mexia, Mrs. M. W. White, president; Temple, Mrs. Lee Knight, president; Waco, Mrs. W. L. Chick, president. Several counties already have county councils and others are being organized under county extension chairmen who are being directed by Mrs. E. A. Arnim, Flatonia. Mrs. Arnim is vice-president of the district.

Child Injured When
Struck By Auto At
Milano Improving

W. A. Smith, father of Mary Minn Smith, was in Cameron Thursday from his home in Milano and reported his little 6 year old daughter improving well at the Cameron hospital.

The little girl was injured when a car driven by Arnold Butts of Milano struck her on Saturday April 2. The accident occurred on the street at Milano and was unavoidable. Mr. Butts and other citizens gave immediate aid and the daughter of Mr. Smith was brought to Cameron in the car of Mr. Baggett.

When examined at the hospital it was found that her skull had been fractured and she was suffering from severe concussion. However under the care of the surgeons she is to recover.

"I want to thank the good people of Milano for their help in this accident," said Mr. Smith. "The people there following the accident gave us all necessary and possible assistance and we appreciate it."

The little girl was rushed to the hospital here within a few minutes after the accident and no doubt this quick action on the part of the people there saved her life. She will be able to return to her home in a few days.

IDEAL GARAGE LOSES \$400.00
WORTH OF AUTO TIRES
TO BURGLAR

The Ideal Garage, owned and operated by C. A. Wuensch, was entered sometime during Monday night and robbed of about 35 or 40 automobile tires, some of which were balloons and the others 30x3 1-2 cords, etc., of the Pathfinder and Goodyear make.

The thieves gained entrance into the garage by prizing the back door of the garage and also forcing the doors to the parts department in the enclosure with the office of the business.

No clue so far has been found which would lead to the identity of the guilty ones, but local officers are working on some theories which may later have some bearing on the subject. An effort is also being made to locate the tires through the radios of the country, the robbery having been

reported to stations WBAP at Fort Worth and WFAA at Dallas with the request that the announcement of the robbery be made over these stations. Mr. Wuensch is offering \$100 reward for the arrest of the thief or thieves. —Thorndale Champion.

DOES YOUR LIGHT
METER REGISTER
CORRECTLY?

ARE YOUR BILLS TOO HIGH? HAVE YOU ANY COMPLAINT?

The legislature recently passed a bill requiring all towns under 40,000 population in Texas to maintain a meter tester to test light and power meters when customers have a complaint.

The city of Cameron recently purchased a meter tester and this tester is now ready for service. Light and power customers who feel that their meters are not registering correctly may now call the inspector and their meters will be tested and corrected if found at fault.

This service to the people is in compliance with the State law.

If any light or power consumer in the city of Cameron wants their meters tested they may telephone 19 to JACK OWINGS, City Electrical Inspector. He will test the meters and determine whether they are correct or incorrect.

The following charges are made:

3-Wire Meters, (Electric Stoves)	\$2.00
Ordinary Meter, if correct	\$1.00
Ordinary Meter, if incorrect	\$1.50

Testing of stove meters will require considerably more time. If a meter is found faulty more time is required than when found correct because the inspector will have to spend more time determining all causes of improper operation. This charge is paid by the customer. If they feel that their meters are registering too fast then the small fee will not matter. If they are satisfied with their bills then no test is desired. Tests are not compulsory, the city merely being required to make tests when complaints are registered with the inspector, in compliance with the state law which was passed to protect customers against meters in error.

ALL COMPLAINTS ABOUT CREEPING METERS
ARE TO BE RECEIVED BY THE INSPECTOR
AT PHONE 19

By Order of City Council.

MARCH SHIPMENTS OF CREAM AND EGGS FROM THORNDALE BRINGS \$4,605

The cream and eggs bought by the merchants of Thorndale during the month of March and shipped to the wholesale dealers in the cities brought approximately \$4,605 into Thorndale and into the pockets of the farmers of this community, to say nothing about the chickens and hogs and other farm products which are shipped from our town during the month. H. H. Camp of San Gabriel maintains regular monthly shipping days at Thorndale when he buys and ships hogs from here, and on March 1 he shipped two car loads, paying a good price, spot cash, for them. Nearly every grocery store in town (too numerous to name) buy chickens regularly and altogether the total receipts from the sale of this class of farm products would reach a handsome sum of money.

J. P. Reaves operating a truck transfer line between Thorndale and Taylor and Thorndale and Rockdale makes special trips to Cameron occasionally, says he kept tab on shipments of cream and eggs from Thorndale last month, March, and says that 510 cases of eggs, averaging a valuation of \$5.50 per case, and 200 cans of cream estimated at \$9.00 per can, was shipped from Thorndale during March. He did not keep track of the chickens shipped by express but estimates the chicken shipments to be considerable. This is certainly a good showing for the thrift now being practiced in this community.—Thorndale Champion.

WORK STARTED ON ROCKDALE END OF HIGHWAY NO. 43

Rockdale, April 3.—Work on Highway No. 43, through Rockdale, and paralleling the I-G-N railroad is now

under way, with both concrete and grading contractors at work. This highway was started several months ago, but like other state roads has been delayed for several months.

Work is also in progress on the Sandy Creek bridge between Rockdale and Milano, the Pace-Davis Construction company having moved its big machinery on that highway. Grading contractors are now shaping up the grade along the route, and the Rockdale-Milano road will soon be in better condition to travel.

The road between Rockdale and Thorndale is also receiving some much needed grading.—Thorndale Champion.

LITTLE INTEREST SHOWN IN SCHOOL TRUSTEE ELECTION LAST SATURDAY

There were only eighteen votes polled at the trustees election held last Saturday, there being no contest and no issue which called for any special effort to elect anyone or to defeat any nominee on the official ballot.

W. B. Elliott, L. D. Barnes, F. E. Stiles and D. R. Maddox were the four elected at Saturday's election, all but Mr. Stiles being re-elected to membership on the board. Mr. Stiles succeeds W. W. Clark whose time had also expired but who requested that his name be not put on the ticket for re-election.

Those elected Saturday are O. D. Graham, Jones Clement, and Dr. R. B. Anderson compose the new board of seven which will direct the school during the next scholastic year. Dr. Anderson's recent removal to Fort Worth makes one vacant place on the board and this will be filled by appointment as soon as a meeting of the members can be held and a president and secretary can be elected.—Thorndale Champion.

HOW FAKE AUCTIONS GET YOUR MONEY

By W. R. MOREHOUSE
Public Relations Commission, American Bankers Association
(This is one of a series of articles exposing the wiles of sharpers who are after your money.)

NEARLY everyone is ready "to take a fling" at getting something for nothing or at least for less than it is worth. Because of this many are duped into paying more than regular market prices for things they buy. This class of people is especially susceptible to the appeal of anything resembling an auction. Fake auctions with the cards stacked against the buyer are very common. They rank high among the fraudulent schemes of the country.

W. R. MOREHOUSE

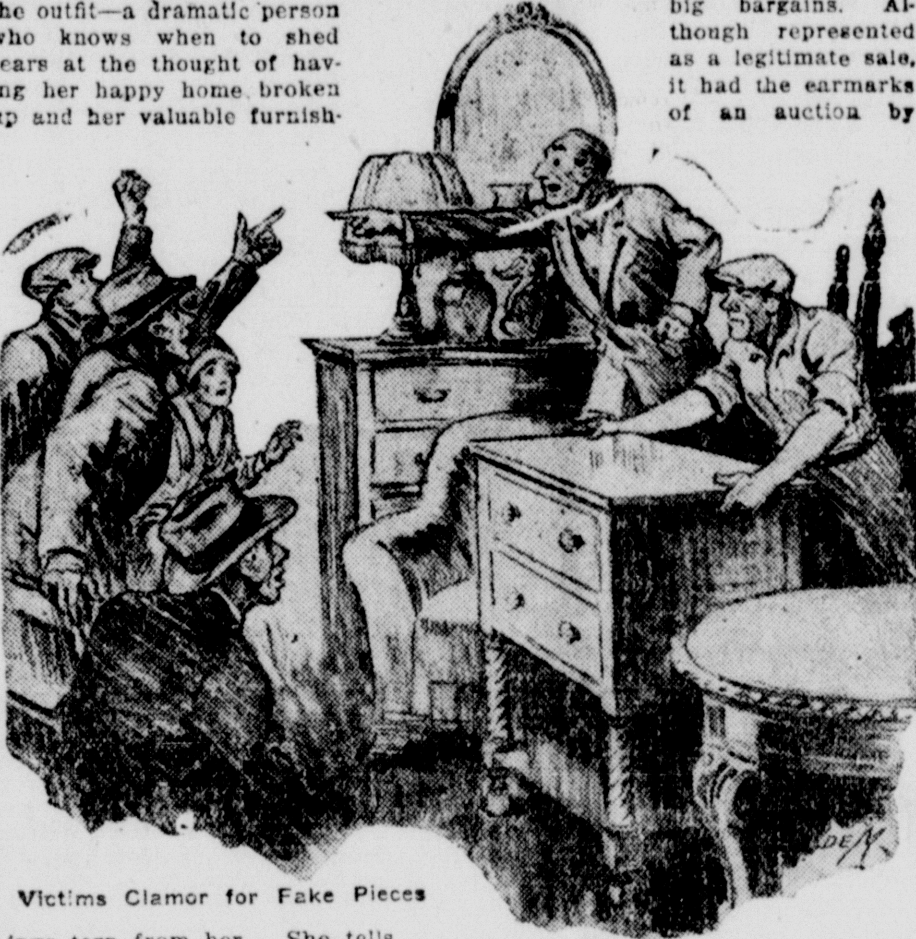

The "here today and gone tomorrow" auction faker rents a fine looking house in some high-class section of the city in which he plans to operate. He furnishes this house with the cheapest imitations of high-class furnishings, with here and there a fine piece which is to serve for bait. Certain pieces are alleged antiques with a thread of glorious history behind them. Of others it is claimed that they have been handed down for generations, originating with some person noted in history or with some famous Southern family. Of other pieces it is maintained that they are made of rare and precious woods imported from far across the sea. The overstuffed furniture, it is claimed, is all high grade of standard manufacture.

Regardless of its superiority and antiquity, the furniture must be sold at once, for the owner is compelled to take an extended trip, the family physician having ordered travel and a change of climate as a means of saving his life. Nothing is to be spared and the deep slashings of the auctioneer's axe must go on with no price too low. Individual pre-auction sales, of course, will be arranged for persons who are unable to attend the auction.

The day of the sale is here. Purchasers are arriving. They are met at the door by the woman member of the outfit—a dramatic person who knows when to shed tears at the thought of having her happy home broken up and her valuable furnish-

they find hanging in the front window a sign, "For Rent." The birds have flown, without leaving any address.

Fake auctions are not exclusive to residences, but are sometimes staged in stores. We have reports of a certain furniture firm that failed, having on hand stock invoiced at \$42,000. An auction sale was announced. As usual the stock must be closed out to satisfy creditors within a few days, regardless of cost. On the windows appeared glaring announcements of big bargains. Although represented as a legitimate sale, it had the earmarks of an auction by

Victims Clamor for Fake Pieces

ings torn from her. She tells her sad story—how she must leave her home and go to distant lands with her husband whose health is broken and life in danger. But she is resigned to her "awful calamity" and will sell all her lovely furniture even at a great sacrifice.

As she directs attention to certain pieces of furniture her voice quavers. She almost sobs aloud as she names the price she is forced to accept. "Less than half the original cost, but price is no object. We must take the train tomorrow," and she wipes a tear from her eye. Fully convinced the sale is genuine, and sympathizing with the unfortunate woman, buyers clamor for the furniture.

But no sooner are the articles transferred from their setting in the slightly darkened rooms of their original owner and displayed in the sunlight of the purchaser's home, than the truth about the sale begins to dawn in the mind of each new owner. Close examination reveals that evidently this wonderful collection of furniture was but odds and ends and unsalable pieces picked up from second-hand stores by these fly-by-night fakers. Some proves to be the rankest of imitations of the cheapest grade, and the overstuffed is so poorly constructed that it squeaks and weaves under the lightest weight.

The Birds Have Flown

When those who have been cheated rush back to the house the next day, intent on making it "hot for the faker,"

(A future article will present means to foil crooked promoters' wiles and tell how to separate good from bad investments.)

TRUST COMPANIES RANK NEWSPAPER ADVERTISING HIGHEST

The outstanding trust institutions of the United States are those that were pioneers in using advertising as a means of selling their services, a speaker told a conference of trust companies held in New York recently. He presented the results of a questionnaire sent out by the Trust Company Division, American Bankers Association, making an inquiry into the advertising practices of institutions doing a trust business. Three out of every four trust companies and banks engaged in extending trust services were found to be advertising. The opinion was expressed by the speaker

that their growth would closely follow the amounts spent each year for advertising.

The local newspaper is the most highly regarded advertising medium, it was disclosed. In all, 929 companies answering the questionnaire used the local papers and 333 did not. The institutions buying space in local papers are evenly divided among all sections of the country. Comparing six media for selling personal trust services and considering their effectiveness from the standpoint of producing results, the speaker declared that the local newspapers should head the list. Fold-ers and booklets can reach a limited audience, he observed, but the newspaper is the best medium for acquiring prestige and mass circulation. It should never be omitted, he urged.

HOYTE H. D. CLUB

Mrs. H. B. Pressley was hostess to the Hoyte Home Demonstration Club Thursday afternoon, March 24.

As milk was the subject for discussion, each body answered roll call with a method which she used to induce her family to take more milk. Miss Bartholomew gave an interesting talk on milk as the first food of man.

At the end of the lesson period Miss Bartholomew assisted by the members gave a demonstration in making and eating junket.

Misses Clyde Hensley Jr., and J. T. Doss helped Mrs. Pressley entertain. Everyone enjoyed the antics of these lovable boys.

The next meeting of the club will be held April 14 with Mrs. Clyde Hensley. The subject for discussion will be home improvements. An entire meal will be prepared on the pressure cooker for the demonstration project. All members be sure to come and bring a new member for this is sure to be an interesting meeting.

PAGEANT A SUCCESS

The pageant "The Spirit of Missions," put on by the B. Y. P. U. of the Baptist church and directed by Mrs. Joe Deyson on Sunday evening was a marked success.

A large audience witnessed the pageant and enjoyed the song service which followed. Those having parts in the pageant were: Misses Beatrice

Vaughan, Helen Blaylock, Lorita Evans, Arnette Ryan, Bethel Middleton, Dorothy Davis, Verna King, Fannie Mae Reese, Lois Randolph and Guy Slocumb, Thad Bailey, Cyrus Miller and Preston Graves.

Officers and Teachers Banquet

The officers and teachers of the Baptist Sunday school held their monthly banquet in the Baptist Sunday School annex on last Thursday evening with about forty in attendance. They found places at the table where a sumptuous banquet had been prepared by the ladies of the Adult Department.

H. P. Black, educational director of the Baptist church, presided at the meeting. A business session was conducted and reports from the various departments of the Sunday School were heard.

Howard Saunders, educational director of the First Baptist church of Waco, was the speaker of the evening. He gave a very inspiring talk on the position the teacher should occupy in the Sunday School work.

Sharpe's Leghorn Hens Making Good In Laying Contest

Raymond Sharpe's White Leghorn hens are making the master breeders sit up and take notice for he is giving them a race for highest places this year.

In March one of his pens laid 261 eggs, missing first place this month by 5 eggs; he had another pen to lay 253 eggs and another to lay 234 (there are ten hens to the pen) and then he has some very fine individuals laying in these pens. There were two hens to lay 30 eggs in March; two 29, two 28; seven 27 and seven 26.

For several years Mr. Sharpe's hens have made good records in the Egg Laying Contest winning many awards of merit and several of his hens are registered in the records of performance a place where nothing under 200 eggs can be recorded. Not only are Mr. Sharpe's hens fine layers but they are also pleasing to the eye and he takes many blue ribbons in the poultry shows.

MRS IDELLA GREEN IS BURIED HERE WEDNESDAY

HUNDREDS MOURN PASSING OF BELOVED CHRISTIAN AGED 77

Mrs. Idella Edwards Green, 77, died at the home of her son, Robert E. Green in Brownsville, Texas, Monday morning at four o'clock April 11, 1927, after a lingering illness and a period of declining health for more than a year.

The body was brought to Cameron, reaching here on Tuesday afternoon from Brownsville and taken to the family residence where she had lived for many years in Cameron.

Funeral services for Mrs. Green were held Wednesday afternoon at the Presbyterian church with Rev. H. G. Kenney conducting the services.

The Coleman-Eplen undertaking firm had charge of the funeral arrangements with interment in Oak Hill Cemetery.

The pastor, Rev. Kenney in his service over the body paid a tribute to the life of the deceased, praising her Christian life and the inspiration she gave to those who knew her through the years.

Mrs. Idella Edwards Green was born April 17th, 1850 in Etowah county, Alabama. She was a daughter of the late Dr. Erasmus and Lorenda Rhea Edwards. When about five years old she, with her parents, moved to Bossier, La., where she lived until December 1863 at which time she moved to Cameron where she resided until her death.

On November 3rd, 1869 she was married to Robert Baylor Green who died November 8th, 1880. On the day of her marriage she moved to this present site, where her earthly home has been ever since.

Mrs. Green was a deeply religious woman. She united with the First Presbyterian church of Cameron in 1889 and continued a member until her death.

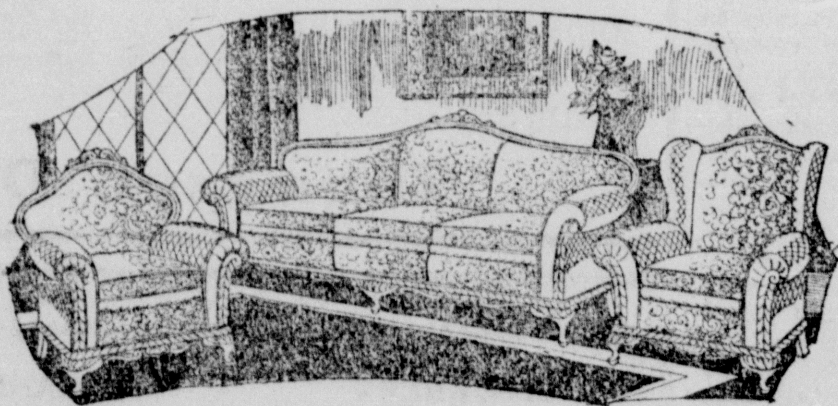

Mrs. Green is survived by two children: Mrs. Pearl Green Clement of Cameron and Robert E. Green of Brownsville, Texas. Two grandchildren, George K. Clement of El Paso, Texas and Robert Ford Green of Brownsville, Texas and one great grandson: George K. Clement, Jr., of El Paso, Texas.

In her death, as in her life, Mrs. Green was a consecrated Christian believing firmly in the efficacy of the religion of Jesus Christ. She has now passed on; but her life will long be remembered by scores of friends and relatives.

The pall bearers were: John Watson, R. H. McIntosh, W. G. Gillis, O. M. Smith, J. G. Davis and O. L. Kidd.

The Herald extends its sympathy to the bereaved relatives in their sad loss.
